SGA Activities

Planting Trees with the City of Toronto

Our high school students proudly participated in this year's City of Toronto Tree Planting events, getting their hands deep in the soil while making a meaningful difference in our community. SGA students had an amazing hands-on learning experience with the City's Green Parks team and discovered just how rewarding it feels to give back to the city we call home.

We are so proud of all our students who volunteered their time and energy this year! At SGA, we believe in the importance of protecting our planet.

Terry Fox Run: Once again this year, St. George Academy took part in the Terry Fox Run to honour the legacy of one of Canada's greatest heroes. Students learned about the Marathon of Hope and dreamed of ending cancer. Students have already collectively donated several hundred dollars so far, with more to come in the continued fundraising campaign for the rest of the month.

Muskoka Autumn Leaves Field Trip

Our SGA students had the wonderful opportunity to enjoy the Canadian Muskoka Autumn Leaves, and what a beautiful day it was!

Surrounded by the breathtaking autumn colours of Muskoka, our students had the chance, with their teachers, to step away from the classroom and discover the beauty of nature firsthand. The vibrant red, orange, and golden leaves created a truly magical landscape and made the day even more special.

It was a day filled with exploration, learning, laughter, and memorable moments. Seeing the students enjoy the fresh air, admire the scenery, and connect with the natural environment was truly wonderful.

SGA Student Council Elections

2026 Student Council Election was a fun and engaging activity at SGA! Congratulations to the members elected by our students! A President, Vice President, Secretary, and Activities Leader have been elected to represent the students on the council.
