SGA Activities

July Semester Is Off to a Great Start!

The July semester started with excitement as we welcomed both new and returning students to our campus.

Students began their academic journey in a supportive and welcoming learning environment and the campus was once again filled with energy, enthusiasm, and positive experiences. It was wonderful to see our students arriving with bright smiles and starting the semester together as part of our school community.

Throughout the semester, students took part in various classroom activities that helped them expand their knowledge and develop new skills. These learning experiences encouraged students to communicate with confidence, challenge themselves, and continue growing both academically and personally.

As the semester continues, we look forward to seeing our students achieve their goals, overcome new challenges and create meaningful memories.

We wish all July semester students continued success and an enjoyable learning journey ahead.

Beat the Heat with a Freezie!

This summer brought unusually high temperatures across Canada, with several hot and humid days throughout the season.

To help students cool down and stay refreshed during the heat, the school handed out Freezies as a small summer treat. Although it was a simple treat, it provided a welcome break from the heat and brightened everyone's day.

We look forward to continuing to create an enjoyable campus environment through a variety of activities and events throughout the year.

Updated Assessment Breakdown for Courses

The Ministry of Education's updated assessment breakdown is based on the grade level of the course, not the student's grade level:

Grade 11–12 Courses (Course Code: 3, 4, CU, DU)
- 65% Coursework
- 25% Final Assessment
- **10% Attendance & Participation**

Grade 9–10 Courses (Course Code: 1, 2, ESL Courses)
- 65% Coursework
- 20% Final Assessment
- **15% Attendance & Participation**

Students' assessment breakdown will be determined by the course they are taking.
Teachers will apply the same assessment standards to all students enrolled in the same course.
