TORONTO CAMPUS FEBRUARY 2023

BOOK CLUB

SGA News

SPORTS CLUB

SGA Book Club aims to provide a fun way for students to spend time with friends, do the required reading, and share their favorite books.

This month the book SGA students read is "A Step from Heaven". All club members share their thoughts about this book, the writer, and the insights they gain from reading. They all enjoy reading and become happy and knowledgeable.

SGA Sports Club allows students to fill an existing need for sports while exemplifying leadership and creativity. Being a member of a sports club can bring a lot of benefits to students like helping them strengthen their health, build self-confidence and improve teamwork skills.

Team games like basketball and soccer encourage students to work together and collaborate with each other, naturally allowing friendship to grow.

VALENTINE'S DAY ACTIVITY

MONTHLY BIRTHDAY PARTY

Annually Valentine's Day is one of the most exciting holidays for young students. We incorporate fun Valentine's Day themes into hands-on activities and provide them with a precious opportunity to express love.

On February 14th, SGA students create their own cards and spread love on a heart-shaped board to express wishes to the one they love. We also offer "Cupid Service" to deliver gifts and cards secretly for our students.

The monthly birthday party is our special event for students. We hold a small birthday event for students who have a birthday in the same month and prepare a birthday cake and delicious food for them.

This month all SGA students celebrated the birthday of two girls- Mindy and Yubin. They had a great time in the birthday party and get some wonderful gifts.
