NOVEMBER 2023

SGA News

Vietnamese Teachers' Day

Vietnamese Teacher's Day, locally known as "Ngày Nhà giáo Việt Nam" is a day that holds a special place in the hearts of students, educators, and the Vietnamese culture. In Vietnam, teachers are often considered to be second parents, guiding students not only in academics but also in life.

On November 20th, 2023, SGA students showed their love and respect to their teachers by giving flowers, and heartfelt notes. One note reads "Happy Vietnamese Teacher's Day to the educators who light up our path to knowledge!"

Testimonial

SGA Christmas Decorations

Christmas is coming next month. All SGA students were excited about spreading the joy of Christmas and helped decorate our school hallways and classes with colorful ornaments.

Students gathered various stunning and easy ideas for Christmas decorations to impress teachers and friends. They used their creativity and innovation to decorate all corners of the school to welcome the coming festive holiday season.

Yi-Chen Huang from Taiwan

Studying abroad is a challenge but an amazing decision for every international student, For Yi-Chen, completing a high school diploma at SGA and then pursuing a university degree would be an exciting journey for his life.

Q: What do you think about studying at SGA?

St. George Academy is a very caring community and everyone has a really strong connection with each other. I have made a lot of friends from different countries and backgrounds. Also, the teachers here are professional and they are very patient with me and help me a lot with my language learning and academic coursework. Last but not least, the staff and counselors took good care of me and my daily life and everything. They help me get used to overseas life very quickly and provide convenience to my life.

Q: Why would you recommend SGA to students considering joining a high school?

St. George Academy is a very professional school that has a very well-established education system to teach students and to help them achieve their goals. Like most of my classmates, they enrolled in the University of Toronto which is the Top University in Canada. And I'm so proud to be joining Queen's College of The City University of New York in the US. The SGA counselors helped all students find what major they liked and guided them to apply for their dream programs.

Q: Could you share with us more about the in-class memories and the activities you've done at SGA?

SGA took us ice skating downtown and it was a fresh experience for me. I like SGA for all the help and support they offered me to enjoy city life.
