September Orientation Day

St. George Academy High School (SGA) hosted its annual Fall Semester Orientation Day on September 2, 2025, an exciting event designed to welcome new and returning students to our school community. The day provided an opportunity for our students to get acquainted with teachers, meet classmates, and explore the North York campus before classes officially begin.

The event started with a warm welcome from our Vice Principal, Mr. Khaled Shbaro, followed by engaging activities led by student representatives and staff. Icebreakers, campus tours, and team-building games helped students build connections and feel at ease in their new environment.

Our students were introduced to the 2025-2026 academic programs, extracurricular activities, and support services available throughout the school year.

Terry Fox Run

On September 26, our high school community came together to take part in the annual Terry Fox Run, honoring the legacy of one of Canada's greatest heroes. With enthusiasm and determination, students, teachers, and staff laced up their running shoes to walk, jog, and run in support of cancer research.

The day began with a short assembly where student leaders shared Terry Fox's inspiring story—his Marathon of Hope, his dream to end cancer, and his lasting impact on Canada and the world. Energized by his message of perseverance and courage, students gathered on the school field before setting off on the route through the neighborhood.

Laughter, cheers, and encouragement filled the air as students supported one another along the way. Some ran with speed and focus, while others walked together in groups, but all were united by the same purpose: to continue Terry's mission of hope and resilience.

Student Council Presentations

Our school recently hosted its annual SGA Student Council Candidates Rally, giving students the chance to learn more about their peers running for leadership positions.

Each candidate delivered a short campaign presentation, sharing their vision, goals, and plans for improving school life. From ideas on boosting student activities to promoting inclusivity and academic support, the rally highlighted the creativity and commitment of our student leaders.

The event not only showcased the candidates' public speaking and leadershipskills but also encouraged classmates to engage in the democratic process of voting. Students had the opportunity to ask questions, reflect on the speeches, and consider who best represents their interests and values. Elections will follow shortly, with winners to be announced announced at the upcoming school assembly.

Police Health & Safety Presentation

St. George Academy High School (SGA) recently welcomed a special guest from the city's police department to speak with our students about health and safety in our community. The visiting officer shared valuable insights on how young people can stay safe in public spaces, use social media responsibly, and contribute to a secure and healthy environment in the city.

During the engaging session, students learned practical tips on pedestrian and traffic safety, awareness in public areas, making smart decisions in emergency situations, and reporting cyber bullying. The officer also emphasized the importance of respect, responsibility, and looking out for one another both in and out of school.

The interactive lecture encouraged SGA students to ask questions and share their own experiences, fostering open dialogue between youth and law enforcement.
