SGA News

## Orientation Day of Summer School

On July 4, we held an orientation for all Summer School students and were excited to welcome them to our school. Teachers and counselors gave an introduction to our school history, policy, and schedule. We also took a tour around our campus and visited our learning and sports center.

For all new students, studying at SGA is a completely new journey to them. We will try our best to provide them with a fantastic learning journey this summer.

## Lunch Break Activity

Summer in Toronto is meant to be spent outside. It's best to explore the great Canadian outdoors at Toronto's beloved beaches, unique green spaces, and peaceful parks and playgrounds to soak up the sun and have some fun!

We took our SGA students to playgrounds nearby to let them enjoy the outdoor activities. They enjoyed the joy that summer brings.

## Ethennonhawahstihnen' Community Recreation Centre & Library

Ethennonhawahstihnen's Community Recreation Centre and Library is situated within the footprint of the larger Concord Park Place multi-tower residential condominium redevelopment at 1001 Sheppard Ave E.

SGA Summer Grade 12 students visited this wonderful new community center and library. Our students were amazed to see such a wonderful place equipped with various facilities like a fitness center, swimming pool, and library. Everyone had a great experience here.

## Canada's Wonderland

Canada's Wonderland, formerly known as Paramount Canada's Wonderland, is a 134-hectare amusement park located in Vaughan, Ontario, a municipality within the Greater Toronto Area.

On July 22, SGA took a summer day out trip to experience the fun of Wonderland. Students had fun rides on board the longest roller coaster Leviathan, the Fly, the White Canyon, and other refreshing thrills. With a wide array of attractions, our SGA students had an unforgettable experience.
