MARCH 2023

SGA News

University of Toronto Campus Tour

The University of Toronto is one of the top public universities in Toronto, Canada. It is ranked #=34 in QS World University Rankings 2023.

On March 9, SGA Grade 12 students went on a tour of the University of Toronto St. George Campus. Under the guidance of two student guides, we visited the school's iconic locations, such as Roberts Library, Hart House, Medical Sciences Building and etc., During this trip, our students gain a more comprehensive understanding of this famous university.

Toronto City Hall Tour & Skating

The Toronto City Hall, or New City Hall, is the seat of the municipal government of Toronto, Ontario, Canada, and is one of the city's most distinctive landmarks.

Our students visited this landmark of Toronto and experienced pleasure skating on Nathan Phillips Square, which has one of the most famous outdoor ice rinks. This rink has been a quintessential Toronto experience for generations. Students enjoyed the joy of skating and made magical memories on the ice.

Testimonial

Jingsung Hong from Korea

1. Could you briefly introduce yourself and when did you study in St. George Academy? And how do you think your studies at SGA help you in applying to universities?

Hello, my name is Jingsung Hong, and I took classes at SGA from last year to April this year. SGA has great counselors and teachers who fully lead students well. Teachers provide excellent guidance to students, and counselors carefully check students' questions and needs. I think this is the part that helps you get good grades, which is one of the most important parts when applying to universities. In addition, SGA offers classes in many subjects. These advantages help students think about what kind of study they want to study more when they become university students. I have no doubt that this will help future SGA students set goals for university admissions.

2. Could you give some studying advice for other students who want to get good grades in SGA?

Teacher Alvin, he has time for exams or presentations on Friday, the last day of the week, after a weeklong class, and in the case of teacher Ella, although there are tests, there are class activities that are given out every day. As above, teachers have different teaching methods, and in order to get good grades at SGA, I think that the shortcut to getting good grades is to focus on a class every day and do your best to study steadily.

3. Which teacher or subject during your study in SGA do you like best?

Since they are friendly, organized, and caring about their students, I like all the teachers at SGA. Among the subjects I took at SGA, there are a few subjects that I liked. Among them, I liked two subjects, teacher Alvin's English class and teacher Ella's Biology class.

In Alvin's English class, I was able to study English through a variety of activities, such as reading novels, poems, movie reviews, and writing short novels. Also, during teacher Ella's biology class, I was able to focus on the class in a fun way while getting more and more diverse information through other lecture videos.

Among the subjects I took at SGA, there was no subject I did not like, and classes in all subjects were enough to make me interested. For the above reasons, I think all students who will study at SGA in the future will be able to study with fun.

4. If you are willing, can you briefly recommend SGA to other Korean students, just a few simple words?

I can recommend SGA to Korean students by simply describing SGA with positive words like an organized and comfortable school, a trustworthy place, and a warm friend.
