Public Speaking Club

At SGA's public speaking club, students embark on a biweekly journey of self-expression and skill development. Under the guidance of dedicated mentors, they select topics that resonate with them, diving into research and crafting speeches that captivate and inform. Through regular practice sessions, students refine their delivery techniques, mastering the art of articulation, gesture, and presence. With each presentation, not only they enhance their public speaking prowess but also cultivate confidence and poise. The club provides a supportive environment where students can challenge themselves, receive constructive feedback, and celebrate their progress.
