SGA News

2025 April Semi-Orientation

On April 14th, SGA hosted its Semi-Orientation for new students.
Newly admitted students were warmly welcomed by our teachers and staff as they embarked on their journey at SGA. The orientation included an overview of school policies, academic expectations, and available student services to help students transition smoothly into their new environment. To help build connections, students participated in fun ice-breaker activities and team games, allowing them to bond with their classmates and feel part of the SGA family from their very first day. It was a successful event that set a positive tone for the new semester.

🗳️ Student Vote Canada ! 🇨🇦

Our students have experienced an important part of civic life on April 24 during our Student Election Day. This activity is designed to educate students about the voting process, leadership, and civic responsibility. They had the opportunity to vote and learn firsthand the importance of participation and voice in a democratic community.

This event was made possible through a partnership with CIVIX Canada, Elections Canada, and our social studies department at SGA

Easter Eggs Colouring activity🐣🎨

SGA students came together on April 17 to celebrate Easter with fun activities and joyful moments. From festive arts and crafts to a delightful Easter egg hunt, our students enjoyed a wonderful day of creativity and community spirit. Special thanks to all the staff and volunteers who made this event memorable for everyone!

🎓 University of Toronto $50,000 Scholarship Achievement

UNIVERSITY OF TORONTO

University of Toronto Admission Scholarships

April 16, 2025

St.George Campus

Dear Youngseok,

We are delighted to offer you a place at the University of Toronto. Your record of achievement has distinguished you in a pool of highly accomplished applicants and you have been selected for admission in the 2025-2026 academic year to Studies in Mathematical and Physical Sciences at the Faculty of Arts and Science with membership to Woodsworth College. Congratulations!

At the University of Toronto, we are committed to helping you reach your highest potential. We believe you will be an excellent addition to a community of scholars who share a passion for learning, a deep curiosity about the world and a commitment to making a difference. You'll have a chance to learn from professors who lead in their fields and to benefit from the resources of a major international institution. You'll make friends with others who share your interests and aspirations.

$50,000 Scholarship

Mathematical and Physical Sciences

St.George Academy

This month, we are proud to announce that one of our outstanding students Youngseok Lee has been awarded a prestigious $50,000 scholarship from the University of Toronto's Faculty of Mathematical and Physical Sciences. This incredible achievement is a testament to the hard work, dedication, and academic excellence we encourage at SGA. Congratulations to our student, and thank you to our teachers for their continuous support and guidance!
